

Textile Cones

Sonoco Crellin offers a wide variety of textile cones in both one-time use and re-use designs for consistent high-speed winding of yarns of various sizes and tapers. Our design and surface features enhance the performance of our cones in accordance with specific customer requirements — including fine and coarse yarn counts. Sonoco Crellin cones are suitable for cotton, cotton blends, wool, wool blends, and man-made fibers.

- Customized surfaces are available on selected cones.
- Coding rings are available for several of our plastic or paper cones for color identification.
